CGC
UNIVERSITY
MOHALI

Shaping Tomorrow, Today

Shaping Futures, Inspiring Excellence

Be a part of one of North India's most dynamic, AI-enabled campuses, where innovation meets tradition. At CGC University, Mohali, we welcome students from diverse cultures and regions, creating a truly Gen Z-powered ecosystem that fosters inclusivity, creativity, and global outlook. Our cutting-edge infrastructure, digital-first classrooms, and experiential learning hubs make education not just a process but a life-transforming experience.

Get Mentored by Visionary Faculty: Our experienced faculty, drawn from leading academic and industry backgrounds, ensures that every student receives personalized guidance, nurturing both intellect and imagination.

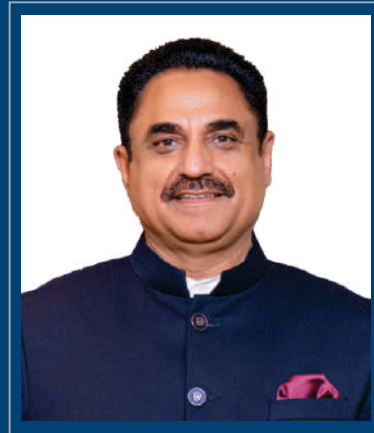

Experience Global Learning Opportunities: Through collaborations with top international universities, CGC University, Mohali, opens doors to student exchange programs, joint research, and global internships that enrich your academic journey.

Thrive in an Innovation-Driven Environment: With AI-enabled labs, research incubation centers, and startup support initiatives, students are empowered to ideate, innovate, and impact the world beyond classrooms.

Earn Globally Recognized Degrees: Our degrees are designed to meet international standards, preparing you with the skills, knowledge, and confidence to excel in the global marketplace.

A MESSAGE FROM THE
**CHANCELLOR'S
DESK**

At CGC University, Mohali, our vision has always been clear—to build an institution that prepares students not only for successful careers, but for meaningful leadership in a rapidly changing world.

Education today must go far beyond textbooks and classrooms. The future belongs to those who can think globally, adapt across cultures, and lead with confidence in diverse environments. This is the philosophy that drives our Global Programs. They are an integral part of our long-term vision to create graduates who are future-ready, globally aware, and capable of making an impact anywhere in the world.

Through international academic collaborations, mobility pathways, and global industry engagement, we are creating opportunities that bring the world closer to our students. Our aim is to ensure that every learner at CGC has access to experiences that broaden perspective, strengthen capability, and inspire ambition.

As an institution, we are committed to nurturing leaders, innovators, and global citizens who carry forward the values of excellence, integrity, and progress.

I invite our students to embrace this vision and become part of a journey that goes beyond borders and beyond expectations.

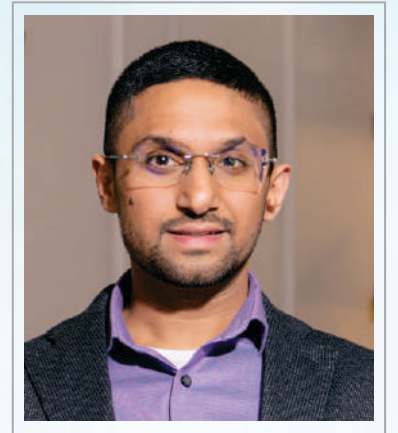

With best wishes

S. Rashpal Singh Dhaliwal

Chancellor
CGC University, Mohali (CGCU)

A MESSAGE FROM THE
**MANAGING
DIRECTOR DESK**

At CGC University, our strategic vision is centered on creating transformative opportunities that align education with the demands of a global future.

In today's world, academic excellence must be complemented by international exposure, practical learning, and cross-border collaboration. Our Global Programs are a reflection of this vision—designed to empower students with experiences that enhance employability, strengthen global competence, and prepare them for leadership roles in international environments.

We are continuously building strong partnerships with universities, institutions, and industry leaders across the world to ensure our students receive access to world-class opportunities. From exchange programs and internships to pathway degrees and immersive global experiences, every initiative is aligned with our commitment to innovation-driven education.

Our focus as leadership is not only on expanding opportunities, but on building an ecosystem where students can confidently transform aspiration into achievement.

I encourage every student to leverage these global pathways and become part of the larger vision of excellence that defines CGC University.

Warm regards

Arsh Dhaliwal

Managing Director
CGC University, Mohali (CGCU)

A NOTE FROM THE
**DIRECTOR
INTERNATIONAL
AFFAIRS**

When students step into a new country, a new classroom, and a new culture, something remarkable happens—they begin to see the world, and themselves, differently.

At CGC University, our role in International Affairs is to create those moments of transformation. Every exchange semester, every global classroom, every international collaboration is designed to help students move beyond familiar boundaries and experience learning in its most dynamic form. My message to every student is simple: be curious, be bold, and be open to the world. The opportunities you choose today can shape the way you lead tomorrow.

Warm regards

Simran Dhaliwal

Director-International Affairs
CGC University, Mohali (CGCU)

A MESSAGE FROM THE
**PRO VICE-
CHANCELLOR**

In today's interconnected world, academic excellence must be complemented by global exposure, cross-cultural understanding, and the ability to lead in diverse environments.

As we continue to expand our global footprint, our focus remains on nurturing leaders who are not only academically proficient but also culturally aware, ethically grounded, and future-ready. We are committed to creating pathways that enable our students to gain international perspectives while maintaining strong academic rigor.

I encourage every student to take advantage of these opportunities, to step beyond their comfort zones, and to embrace the challenges and rewards of global learning. The world is evolving rapidly, and it is our responsibility to prepare you not just to participate in it, but to lead it.

Warm regards

Prof. (Dr.) Anish Gupta

Pro Vice-Chancellor, Academic & International Affairs
CGC University, Mohali (CGCU)

A MESSAGE FROM
Dr. MEENU

Your degree is important—but the experiences you build around it often define your future.

Whether it is an international internship, a semester abroad, a short-term immersion, or a pathway to a global degree, student mobility is about creating opportunities that align with your ambitions. My focus is to connect students with the right international universities, and industry ecosystems that can accelerate both academic and career growth. Each program under our Global Initiatives is designed with one question in mind: How does this help the student grow? I encourage you to think beyond conventional learning and choose experiences that help you stand out in a global environment.

Best wishes

Dr. Meenu

Ready to Take Your **PROGRAMME** **GLOBAL** ?

Here's What You Need
to Get Started 

GLOBAL PROGRAMS

- Semester Exchange Program
- International Internship Program
- Project Semester Program
- International Credit Transfer /
Articulation Programs
- International Summer &
Winter Programs
- Work + Study Master's Programs

GLOBAL PROGRAMS

◆ Semester Exchange Program

Study abroad for a semester – without delaying your degree.

- Spend 1 semester at an international partner university
- Option to extend for another semester
- Credits transfer back to CGC University, Mohali

Eligibility:

- Complete at least 1 year at CGC University, Mohali
- Minimum 6.5 CGPA with no backlogs

Advantages:

- International Exposure – Experience a new country, culture & education system
- Credit Transfer – Continue your degree without losing a semester
- Global Learning Experience – Learn from international faculty and diverse classrooms
- Stronger Resume – Adds global exposure that stands out to employers
- Better Career Opportunities – Enhances employability for global roles
- Cross-Cultural Skills – Improves communication and teamwork with international peers
- Global Networking – Connect with students, faculty, and professionals worldwide

Portugal

Vietnam

Slovakia

Indonesia

Choose Your Global Classroom

Every destination in CGC University, Mohali's Semester Exchange Program is selected to give you the right mix of education quality, career opportunities, and cultural experience. Here's a closer look at what makes each country a great choice:

1) Indonesia – Emerging Asian Education Hub

Indonesia is one of Southeast Asia's fastest-growing economies, with a GDP of over \$1.3 trillion and a young, dynamic population. With more than 4,000 higher education institutions, it offers a vibrant academic ecosystem.

Studying in Indonesia gives you exposure to rapidly developing markets, digital innovation, and multicultural environments. Cities like Malang and Jakarta are becoming popular student hubs with affordable living and modern campuses.

Students can explore exchange opportunities in Indonesia at leading universities known for their strong academic foundation and modern learning environments.

- Universitas Negeri Malang
- Universitas Multimedia Nusantara

Why choose Indonesia?

- Affordable cost of living and study
- Growing focus on digital media, business, and technology
- Strong cultural diversity and student-friendly environment

2) Portugal – Affordable Gateway to Europe

Portugal is ranked among the top 5 safest countries in the world (Global Peace Index) and is home to over 50,000 international students. It offers a European education experience at a significantly lower cost compared to other Western European countries.

With strong academic institutions and increasing global recognition, Portugal is ideal for students seeking quality education, research exposure, and access to the European job market.

Students can study in a European environment with access to modern infrastructure and research opportunities.

- Instituto Politécnico de Bragança
- Instituto Politécnico de Portalegre

Why choose Portugal?

- Affordable European education
- Access to Schengen countries for travel and exposure
- Growing opportunities in tech, tourism, and business sectors

3) Slovakia – Central Europe Advantage

Slovakia, located in the heart of Europe, provides easy access to countries like Austria, Hungary, and the Czech Republic. It hosts over 35,000 international students and is gaining popularity for its high-quality, research-focused education.

Students benefit from a peaceful environment, modern universities, and the opportunity to experience multiple European cultures during their stay.

University of Ss. Cyril and Methodius in Trnava

Why choose Slovakia?

- Strategic European location
- Strong academic and research ecosystem
- Affordable living compared to Western Europe

4) Vietnam – Asia's Rising Star

Vietnam is one of the fastest-growing economies in Asia, with an average GDP growth rate of 6–7% annually. It is becoming a hub for engineering, technology, and innovation, attracting global companies and investments.

Cities like Ho Chi Minh City are vibrant, modern, and full of opportunities for students to engage with industry and innovation.

Ho Chi Minh City University of Technology

Ho Chi Minh City University of Technology (HUTECH)

Why choose Vietnam?

- Rapidly growing economy with global business presence
- Strong focus on engineering and technology education
- Affordable lifestyle with rich cultural experiences

◆ International Internship Program

Work abroad and gain real industry experience.

The International Internship Program gives students the opportunity to work abroad and gain real industry experience in a global environment. Designed to be undertaken during the internship semester, this program allows students to apply their academic knowledge in real-world workplaces while building professional skills that employers value.

With a duration ranging from 2 to 6 months, students get the chance to work with international companies, organizations, and industry partners, gaining practical exposure to global work culture, processes, and standards. It is an excellent opportunity to strengthen your professional profile while exploring career opportunities beyond borders.

Key Advantages

- Global Work Experience – Gain hands-on experience in an international workplace
- Stronger Resume – Add international internship experience to your CV
- Skill Development – Improve communication, teamwork, and problem-solving skills
- Professional Networking – Build connections with industry professionals worldwide
- Career Readiness – Become job-ready with practical work exposure
- Cross-Cultural Learning – Experience different workplace cultures and environments
- Improved Employability – Stand out for both domestic and international roles
- Potential Career Opportunities – Opens pathways for future jobs and placements abroad

◆ Project Semester Program

Study + Internship = Career-ready you

The Project Semester Program is a unique six-month experience that combines academic learning with hands-on industry exposure. Students engage in real projects while also continuing their studies, helping them understand how theoretical knowledge applies in real work situations.

Why it matters:

- Learn practical skills employers actually want
- Work on real projects and get PAID!
- Build strong professional networks
- Boost your employability before graduation

◆ International Credit Transfer / Articulation Programs

Start at CGC, finish your degree abroad.

The **International Credit Transfer / Articulation Program** gives students the opportunity to begin their academic journey at CGC University, Mohali and complete their degree at a reputed international university abroad. This pathway is designed for students who aspire to earn a globally recognized qualification while optimizing both cost and flexibility.

For undergraduate students, you can complete the first 1–2 years at CGC University, Mohali and then transfer your earned credits to a partner university overseas to finish the remaining years of your degree.

For postgraduate students, the Graduate Pathway (1+1 model) allows you to study one year at CGC University, Mohali and complete the remaining degree abroad, leading to a full international master's degree from the host university. This program offers students the advantage of starting in India and then smoothly transitioning to an international academic environment.

Key Advantages

- International Degree – Graduate with a degree from a globally recognized university
- Cost Advantage – Save significantly by completing the initial phase at CGC University, Mohali
- Scholarship Opportunities – Access partnership-based and merit-based scholarships
- Part-Time Work Rights – Opportunity to work while studying abroad (as per country norms)
- Post-Study Work Rights – Eligibility for work opportunities after graduation
- Higher Career Prospects – Improve chances of global placements and higher studies

◆ International Summer & Winter Programs

Short-term global exposure with no academic loss.

- Duration: 1 to 4 weeks
- Summer: March – July
- Winter: October – January

Why it matters:

- Travel, learn, and experience global education
- No impact on attendance or exams
- Perfect for building your international exposure in a short time

◆ Work + Study Masters Programs

The **Work + Study Masters Programs** are designed for students who want to combine academic learning with real-world work experience while pursuing their postgraduate degree abroad. These programs allow you to study in the classroom while also gaining paid work experience, helping you manage expenses and build practical skills at the same time.

Students can explore opportunities in countries like the USA, Czech Republic, Italy, Germany and France, across in-demand fields such as Computer Science, Data Science, Business Analytics, Project Management, Business Management and Hospitality. This integrated approach ensures that you not only gain a strong academic foundation but also understand how your knowledge is applied in a professional environment.

- **Earn While You Study** – Support your living expenses through part-time or structured work opportunities
- **Practical Experience** – Gain hands-on industry exposure alongside your degree
- **Industry-Relevant Skills** – Develop skills aligned with global job market demands
- **Stronger Career Profile** – Graduate with both a degree and work experience
- **Better Employability** – Increase chances of securing jobs after graduation
- **Professional Networking** – Build connections with employers and industry professionals
- **Global Career Opportunities** – Open pathways to work internationally

Why Choose Global Programs?

- International exposure
- Better career opportunities
- Strong global network
- Personal growth & independence
- Stand out in a competitive job market

SUCCESS STORIES

SUCCESS STORIES

From dreaming big to making it happen – my journey has been nothing short of transformative.

Hi, I'm Preeti, a BBA student, and this past year has truly changed the course of my career. Being a part of the Corporate Immersion Program in Dubai was an eye-opening experience. It gave me real-world exposure, helped me understand global business practices, and most importantly, boosted my confidence to step out of my comfort zone. Interacting with industry professionals and experiencing a dynamic international work environment made me realize what I am capable of achieving.

What makes this journey even more special is that within the same year, I received my offer letter from Germany. This milestone feels surreal and is a testament to the learning, exposure, and guidance I received throughout the program. The Corporate Immersion Program didn't just add to my resume—it shaped my mindset, sharpened my skills, and prepared me to think globally. I'm incredibly grateful for this opportunity and excited for what lies ahead.

If you're someone who wants to grow beyond classrooms and truly experience the world of business, this is the path to take.

Preeti

An experience that truly brought learning to life!

We were a diverse, interdisciplinary group of students from CGC, coming together from different academic backgrounds—and what united us was the opportunity to visit the Google office in Dubai for a specially curated session.

Walking into one of the world's most innovative workplaces was inspiring in itself, but what made it exceptional was the interaction with industry experts. The session gave us deep insights into how innovation, creativity, and technology intersect in real-world business environments. From understanding digital transformation to exploring how global teams collaborate, every moment was filled with learning.

What stood out the most was how relevant the session was for all of us—whether from business, technology, or other fields. It showed us that today's world thrives on interdisciplinary thinking and collaboration.

This visit was not just about seeing a global office; it was about experiencing the future of work, understanding global standards, and broadening our perspectives beyond textbooks.

Group Experience

A truly impactful and memorable learning experience!

Hi! I'm Lebohang, and the LEGO® Serious Play® session taught me in the most engaging way how to work effectively in a team and make better decisions.

Through hands-on activities and creative problem-solving, I learned how to listen actively, collaborate with different perspectives, and turn ideas into meaningful outcomes. It wasn't just a session—it was an experience that showed me how powerful teamwork and structured thinking can be in real-world situations.

Lebohang MatJeane

Corporate Immersion Program in Dubai

Hi, I'm Harshpreet Singh, a BBA student with a simple dream—to do something meaningful with my life. What started as just one counselling session turned into a life-changing journey.

I took my first step by participating in the Corporate Immersion Program in Dubai, aiming to understand what an international work culture truly looks like. To my surprise, the program was thoughtfully designed to give us real exposure to the corporate world. From day one, I felt a shift in my mindset—I gained confidence and started believing that there is so much more I can achieve. With the constant guidance and support of Prof. (Dr.) Meenu, I was able to take my aspirations further and successfully secure an offer letter from Germany for a vacation job. And today, I am proud to share that I have received my visa.

Learning from industry leaders like **Google Dubai** and participating in decision-making workshops through LEGO® Serious Play made the entire experience both fun and deeply insightful. Every activity added value and helped shape my career in ways I had never imagined. I am truly grateful to Simran Ma'am, Prof. (Dr.) Anish Gupta, and CGC University for providing such incredible opportunities and platforms for students like me to grow, explore, and achieve beyond expectations. We return more motivated, more informed, and more prepared to take on global opportunities.

Grateful for this unforgettable experience!

Harshpreet Singh

A Journey of culture, learning, and impact.

My experience in Jakarta, Indonesia has been deeply enriching and culturally immersive, offering meaningful insights into Indonesia's heritage, education system, and social realities. One of the most memorable visits was to the Rimba Baca Library then at Ragunan Zoo, where a Bingo contest was organized to help us understand Indonesia's exotic culture in an engaging and interactive manner. Learning amidst nature and wildlife created a unique environment that reflected how education and culture are blended creatively in Indonesia. Another significant visit was to the Museum of Textiles, where traditional Indonesian art and the rich Batik culture were explained in detail. The Batik workshop was particularly insightful, as it allowed us to experience the intricate process firsthand while also learning about the historical influence of the Dutch on Indonesian culture and traditional clothing.

Our visit to the National Library of Indonesia further deepened my understanding of how culture and history are preserved through manuscripts, books, and literature. During this visit, we conducted a case study on current educational challenges, focusing on disparities in education and literacy rates across different Indonesian islands. We also learned about the crucial role played by charity workers and organizations who have been consistently supporting education in remote and underdeveloped regions, striving to bridge the educational gap. Overall, the experience has been excellent, insightful, and transformative, made possible by AIESEC Universitas Indonesia, which thoughtfully organized a new agenda each day to help us understand Indonesian culture, traditions, daily lifestyles, and the pressing issues related to quality education. I, Debangshi Gupta, am working as a Global Volunteer under AIESEC at Universitas Indonesia, where our primary mission is to contribute towards Sustainable Development Goal 4 (SDG 4)—ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all. Through this program, I am being trained and guided to give my best to support children in need, recognizing education as a fundamental human right and a powerful driver of peace, prosperity, and sustainable development.

Debangshi Gupta
